Education

Charles University, Faculty of Mathematics and Physics 10/2025 – present

Ph.D. in Computational Linguistics

Topic: *Evaluation and Explainability of Reasoning in Language Models*

Charles University, Faculty of Mathematics and Physics 10/2021 – 02/2025

Master's degree in Language Technologies and Computational Linguistics

Thesis: *Explainable LLM-based evaluation for NLG using error analysis*

Charles University, Faculty of Arts 10/2015 – 09/2019

Bachelor's degree in General Linguistics and Phonetics

Thesis: *Prenominal possessive genitive in Czech*

Work Experience

Ph.D. Student Researcher, Charles University 07/2025 – present

Working on evaluation and explainability of reasoning in language models.

Research Consultant, PrimVeterinary 11/2025 – present

Veterinary question answering and literature synthesis, evaluation, fact verification.

AI Engineer, ScaleVoice 09/2023 – 07/2025

Task-oriented dialogue systems, LLM-based agents, dialogue evaluation and simulation tools.

Machine Learning Engineer, Rossum 09/2022 – 07/2023

Improving OCR models, data augmentation, evaluation, and error analysis.

Software Engineer, Rossum 08/2017 – 08/2022

Data engineering pipelines, automating end-to-end model training workflows, development of annotation infrastructure.

Research Interests

♣ Reasoning in large language models

🗨 Natural language generation

🔍 Explainable evaluation

Skills

Programming: Python, R, TypeScript, SQL

Libraries and Frameworks: Numpy, Pandas, scikit-learn, PyTorch, Flask, Django

Tools: Git, Bash, Docker, LaTeX

Natural Languages:

- Czech (native-level proficiency)
- English (advanced)
- Slovak (native)
